

SureVoice

Solid VCS

The SureVoice solid VCS is [the heart of the Voice communication system](#). The SureVoice solid VCS features four 1000 Base-T Gigabit Ethernet jacks to maintain a redundant connection to two networks.

Key Features

Connections

- ✓ 4x 1000 Base-T Gigabit Ethernet
- ✓ 3x dry contact output
- ✓ 1x dry contact input
- ✓ Optional USB type-C (3.1 gen 1) port

Power

- ✓ Power usage 25 W
- ✓ 230 VAC input
- ✓ 15 – 60 VDC input

Dimensions

Width 19"
Height 1U
Depth 20 cm

Interoperability

- ✓ ED-137

Display

- ✓ 6.6" Display
- ✓ Capacitive touch screen
- ✓ Brightness 800 Cd/m²
- ✓ Viewing angle 80°

Applications

- ✓ VCS system in ATC
- ✓ VCS system in Maritime

Operating environment

Temperature -20 to 55 °C
Humidity 5 – 95% non-condensing

Applications

EMC Safety EN 55032, EN 55035
 EN 62368-1
